RFL-5000

A container carrier for front load containers

RFL-3000

Our economy model, the RFL-3000 is ideal for transporting empty or lightly filled front load containers (3,000 lb. capacity).

RFL-5000

The RFL-5000, a mid series model, is more versatile and can handle loads up to 5,000 lb, pivoted to 70°.

RFL-8000

The 8000 series lifts containers vertically and has a maximum loading capacity of 8,000 lb. It includes a manual tarp roller.

RFL-8002

The RFL-8002 picks up loads like a forklift. Capable of carrying containers, pallets, and more, with a load capacity of 8,000 lb.
